Walter Roark : Keeping the Baby Alive till Your Wife Gets Home before purchasing it in order to gauge whether or not it would be worth my time, and all praised Keeping the Baby Alive till Your Wife Gets Home:

4 of 4 people found the following review helpful. A Good Natured Romp By Ed, Dad and Avid Traveler Like a Monty Python skit, this book may not please folks who are prone to take themselves too seriously, but it sure is funny. And

while it makes fun of every ridiculous situation that pops up with your growing infant, I think the author does so in a good natured way. To see what I'm talking about, read a few passages from the Toy chapter or the Walking-Talking chapter. To my mind, the satire is always honest and up to date, never mean spirited. Anyway, I laughed my head off, even though this is our second baby, and all of the challenges weren't exactly new.--a Tickled Dad's two centsP.S. I thought the sequel about toddlers was at least as good. Keeping Your Toddler on Track till Mommy Gets Back: The Toddler Survival Guide for 21st-Century Dads6 of 6 people found the following review helpful. A Great Shower GiftBy DaveI liked the original so much, my wife gave me this Special Edition when we celebrated a new baby on the way. Not only is it a pretty clever satire, it's also true to life and very funny. He didn't come to the shower, but my dad (the dotting grandfather) got the companion book Keeping Your Grandkids Alive till Their Ungrateful Parents Arrive: The Guide for Fun-Loving Granddads. He said it tickled his granddad funny bone. I asked him, you mean it's a hoot for old coots? He said yeah, but don't call me old.7 of 7 people found the following review helpful. The Best of the New-Dad Humor BooksBy ShannonThis was my husband's favorite book of the three I gave him, the first as a shower gift, the other two later in pregnancy. I wanted him to have something fun and lighthearted to read since we had a stack of serious baby care guides. Keeping the Baby Alive was the last gift, and by far the best. He especially liked the pre-birth chapter and the ones on feeding and first words-first steps. I enjoyed listening to him laugh out loud!

Irreverent and full of fresh insight, this "not your typical parent" parenting guide encourages new fathers to laugh while they learn and make the most of the challenges and charms of infant care. Dads of all ages and walks of life can take a lesson from time-honored, mommy-approved tips and tricks, all charged with humor and aimed at showing that a father doesn't need to be perfect to be a great dad. New "Pop" quizzes add to the fun, along with the newly revealed "10 Commandments of Father-Infant Care." Honest and informative while still stylish and witty, this guide to modern fatherhood mixes fun with fact to keep baby—and daddy—alive and well.
