Turn To KellyBy George MostollerThis is without doubt the finest collection of humorous drawings ever published. I laughed, I wept, I laughed again.

The Los Angeles Times proclaims The Onion's editorial cartoonist, Stan Kelly, "A maniac whose ideas frequently make no sense at all!" But what do you expect from the Lame-stream Media? What truly makes no sense at all is that there has never been a published collection of Kelly's work - until now! Easily our era's top opinion-maker, Kelly influences everyone from world leaders to water cooler layabouts. Sticking it to the sickos and giving props to the patriotic, Kelly's super-award-winning cartoons "tell it like it is" and frame today's crucial issues in context so you don't have to. This lavish, soft-cover 50th Anniversary Collection, compiled by acolyte Ward Sutton and loaded with bonus extras, presents the best of Kelly in his signature, eye-popping black and white. It's a trip every Kellyhead has been dying to take!
