From Ballantine Books : Kids' Letters to President Obama before purchasing it in order to gage whether or not it would be worth my time, and all praised Kids' Letters to President Obama:

4 of 4 people found the following review helpful. Paying AttentionBy ASmoothJazzReaderIt was so moving to read the various letters children wrote to President Obama. To know that children were paying so much attention to the election of Barack Obama was great.To even think that in four years, these children will and/or may have an even greater say.This is a great book to share with other children and in classrooms where permissable.1 of 1 people found

the following review helpful. Where's the funny?By RandomReviewerAlthough I liked this book well enough. after a while I felt I was reading not "Kids' Letters to President Obama," but "why American children love President Obama." I voted for Obama both times, and I still found it a bit slanted and annoying, because Kids' Letters to President Bush were not like that -many of the letters expressed fondness and respect, but they weren't long words of praise. They were funny or at least cute. Many of these letters are still cute, but many more are just letters of gratitude.1 of 1 people found the following review helpful. Use with your students or read for fun!By KatieI did a letter writing unit with my class and used this book when I had my students write to President Obama. The letters inside this book are genuine and funny. My class was able to get some ideas and enjoyed hearing what other kids wrote to Obama.

Barack Obama has inspired millions of people around the world—and an unwavering chorus of those admirers are children. This delightfully charming collection includes more than two hundred letters that kids have written to President Obama. Some of these messages are humorous, some are heartwarming, all of them are sincere—making this volume the perfect gift for any occasion.The children ask questions: “Why did you want to be president?” “Do you think you could pass a law making chocolate a vegetable in our country?” They give suggestions: “I think you should fix things in the world to be more fair.” They offer advice: “You should bring a yo-yo to the White House.” They share hopes: “I want you to care about schools. I am in kindergarten.” They even volunteer expertise: “I will help you learn to bowl because you don’t know how to bowl.”Whether discussing such weighty issues as the “economical” crisis, the environment, and alternative energy or simply giving shout-outs to First Daughters Sasha and Malia, these kid correspondents express, as only children can, pure optimism, avid curiosity, and unadulterated elation about this historic moment. Complete with original illustrations by the letter writers themselves, and wonderful reproductions of some of the kids’ handwritten messages, this marvelous book—a true message of hope for our time—is a keepsake for the whole family to enjoy.
