I can open a link and print out as many coloring pages for my kids as I want to, and they're very easy to access. Having portability is very convenient, all I need is access to a printer and I can print as much as I need. A great thing for a mom with three kids on summer vacation!!Disclosure: I received this product for free or on a promotional discount for my honest review and they are 100% my own opinions. don't feel better after coloring a puppy or a kitten, then you need a vacation...these are fun even for adults. By M E Luther My new addiction is coloring books, helps me calm down, helps me relax, and for awhile just escape from life. My imagination is allowed to be as wild as I want, or as pretty or happy or sad, no matter my feeling, I can make the pages just mine. The best part is that with each new book, I find new ideas for colors, or textures. Easy to take with me when we camp. Glad I found these coloring books for adults. 2 of 2 people found the following review helpful. Cute book By Customer Cute book.
