It is for all skill levels. I wish I knew how to leave pics of this beautiful book. This book is not your average mandala patterns, it is above them. You will feel a tremendous sense of accomplishment when you do one of these beautiful dollies! You Can make each one as delicate as fine lace or as deep and dramatic as you wish. This book is full of possibilities. All you have to do is dare to try something new. I am a fan of the artist Collette Fergus. She is very talented. I was introduced to her work with The Dress Book and have been a fan every sense. All of Collette Fergus's art is hand drawn. Collette is a true artist. I think that is why I enjoy her art the most. This is an honest review. I was not given a discount on this book or any other book that Collette Fergus has out. If you want something new to try or a great artist to follow, get in board and let's color!!0

Lace is full of holes, its also full of design and coloring potential and thats what we have here! Do you love lace? How about good old fashioned doilies? Then this is the book for you! The intricate designs of lace offer you hours of coloring fun. These Mandala style lace doilies offer you that meditative feeling when coloring. You choose how they will look, bold and bright or simple and sophisticated, they can be anything you desire. Each design has an extra element, a reel of cotton, a crochet hook, a thimble or a needle, all lace making tools, that you can also color. Loose yourself in the designs and develop that peace and harmony that adult coloring books can give you. All of the Mandala designs in this book are hand drawn by Collette with a little digital enhancement, to keep with the charm and slight irregularity that hand made lace would have. There are 50 single sided drawings and a test page at the back to try out your coloring mediums before attempting the designs. Created with love by Collette Renee Fergus, a New Zealand Artist.Collette's fascination of all things vintage and retro is the reason behind her series of adult colouring books and she hopes you will enjoy the colouring in of these 50 images as much as she did creating them for you. About the AuthorAbout the Artist Collette Renee Fergus A long artistic heritage almost guaranteed Collette would have an interest in art and so it proved. She began painting young, prevailed on family and neighborhood artists for lessons, and reveled in their skill and knowledge. At 11 she sold her first artwork, a watercolour of Mount Taranaki/Egmont. At 16 she took night school classes in oil painting and acrylics, her subject matter still mostly New Zealand scenery. She exhibited often and at 17 had her first solo exhibition in Auckland, New Zealand. Known for her modern, contemporary work, Collette has two distinct styles: her serious abstract works and a fun, contemporary surrealist style. Her artworks sell worldwide, including in Britain, Germany, Russia, US ,Canada, Cook Islands, Spain and Australia, as well as from galleries throughout New Zealand. She has a popular website; dedicated to the growing interest in her art. [www.collette.co.nz](http://www.collette.co.nz) Collette finds art extremely rewarding and puts her heart and soul into it, and is humbled by the appreciation of her work. Collette's latest venture into Grown-up Colouring Books came from her time recovering from cancer where all she could do with her art was draw, and like colouring-in is for others, drawing gave her the same solace and peace. Adult colouring books help serve many purposes that are beneficial in other ways not just relaxation. They can help you focus with therapeutic, calming and problem solving benefits.
