I bought a bunch of these for a recent roadtrip and we laughed a lot at the different things we came up with. My suggestions i always to ahve one person come up with the random words, or just trading off throughout a carload or ...friendload... of people. Everyone with their own intentions tend to wildly adjust how the story plays out! A classic, for ages to come, enjoy!

Mad Libs(R)... the word game that few admit to doing but we all did. Who can resist reading them and secretly filling in silly or colorful words? These updated versions of the classic game cover topics more appropriate for modern living. Test Your Relationship I.Q.... take these tests and youll know right away if youre in a match made in heaven or doomed to a life of boredom and relationship horror!
