Jimmy Fallon : Thank You Notes 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Thank You Notes 2:

At 55 and still working an early 8-hour shift, it's hard to prop my eyes open long enough to watch the show. But when I do, I love the Thank you note segments. There's something very calming about listening to Fallon as he gently thanks all the rude, ridiculous, perverse, disturbing, annoying, and absurd things we encounter in our daily lives. This book (and his first one) are the next best things! You will laugh yourself silly, guaranteed.But, I wonder if I win a prize of some sort here. I found one joke (only one) that is an exact duplicate of one that appeared in the first book, word for word and with the same graphic too. On page 17 in Thank You Notes 2, this thank you note appears: "Thank you...Christmas decorations, for going up right after Halloween. Nothing says "holidays" like seeing my neighbor replace his plastic Dracula with a plastic baby Jesus."That same thank you note appears in book one on page 42! So, Thank you, ...Jimmy Fallon and your writing crew, for helping me prove my memory retention is still in tact and I am not going senile! I'll be awaiting my \$10,000+ prize you must have waiting for me for finding this obviously planted joke. No? Oh well.....Seriously...my son was impressed I recalled that and found it in the first book! Yay....no old folks home for me, yet! Thanks again Jimmy and crew for making me laugh myself senseless. If you enjoy the humor of Jimmy Fallon, you will not be disappointed.15 of 16 people found the following review helpful. Hilarious Little BookBy Brandon ZarzycznyThis is a great book, it's definitely as funny as Thank You Notes 1, but this time around I think a lot of the jokes are new as I'm not recognizing as many of them. I haven't read through it completely, but I've already laughed out loud multiple times. The book also comes with a cool sound chip so you can play the music while you read the jokes, but the activation is a little hit and miss. However, Jimmy does usually joke with the pianist at the beginning of the skit, so I won't let it lower my score. Similar to the original Thank You Notes, the book isn't too long, but it is hilarious and for the discounted price, it was a definite buy. I think the book is perfect for either a Coffee Table book, or as some amazing dump taking reading material.In the end,

I love Jimmy Fallon and this is a great way to support him, I'm only sad that I pre-ordered it instead of waiting to bomb the best sellers list. :)0 of 0 people found the following review helpful. Five StarsBy mm143Absolutely hilarious!

Picking up where the first Thank You Notes left off, Jimmy Fallon has many more people and things to thank. He addresses some 200 new subjects in need of his undying "gratitude." Each page will feature one note and a photograph of its recipient. "Thank you, gift bags, for saying "I care enough to put your gift in a slightly fancier bag than the one I bought it in." "Thank you, people whose Facebook profile picture is them as a baby, for basically saying, "Here's the last time I wasn't ugly." "Thank you, women who walk around with their yoga mats in slings, for either looking like an unemployed archer or a bazooka smuggler."
