Funny, fresh jokes, and a favorite part of the show By Jack Jack Not really sure how to label or answer the questions about characters or pace of a book that is about funny thank you notes, but oh well. My wife and I have been reading this over and over again. It has lots of funny thank you notes like from the show. Most sound new and I don't think we have heard them on the show before. The picture quality is good and clear. The book is easy to read and enjoy. We like the comedy of it and it is one of our favorite things about Jimmy Fallon and his show's writers. Get this book because we all need a good laugh about a different perspective on things around the world. 0 of 0 people found the following review helpful. Great gift By Amber I ordered this as a gift. It came quickly and my husband, the receiver of the book, really liked it. It's very simple it's just thank you notes. But it's funny. 0 of 0 people found the following review helpful. Hilarious By Ben D. Straw Worth every penny

Jimmy Fallon is very thankful. And in this first book to come from his TV show, he expresses his gratitude for everything from the light bulb he's too lazy to replace to the F12 button on his computer's keyboard. He thanks microbreweries for making his alcoholism seem like a neat hobby. He thanks the name "Lloyd" for having two L's. Otherwise it would just sound like "Loyd." He thanks the slow-moving family walking in front of him on the sidewalk. Without this "barricade of idiots," he might never have been forced to walk in the street and risk getting hit by a car in order to get around them. He's thankful to you, the person reading this right now. It means you're considering buying this book. You should do it. You will be thankful that you did.
