Need a little spice in your life or just the bedroomBy Deanna KendrickFunny, hilarious, and down right sexy. Zee and Seth definitely knowhow to spice things up in the bed room. These shot stories prove that just fine.

That's What Zee Said, is a funny, satirical short erotic story where the dialogue between Seth and Zee is completely random, off the wall innuendos. Each short story is a STANDALONE.This set of short stories is intended for mature audiences and requires an outstanding sense of humor. Reminder: The conversations between Seth and Zee were randomly picked by drawing cards. Have fun with this laugh-out-loud, tear building, jaw clenching, funny story.
