It's hilarious as it's full of satirical, political content about the Republican party. Some pages could also be used as educational stuff for kids too ;)Go USA!0 of 0 people found the following review helpful. This book is so much fun and oh so cleverBy Billy W.This book is so much fun and oh so clever. Thanks Sonya Saturday Can't wait to see what's up your sleeve for the next one! Billy W1 of 1 people found the following review helpful. Pure Genius!By AREPARISI bought one and now my boyfriend has bought one. Same sex couples are allowed to buy this book and so too are women! I am so excited! The only real difference between this book and the Republican Party is this book

allows you to add color to it. Any color is welcome!

The 2016 Republican Presidential Candidates Coloring and Activity Book is the HOT new thing rockin' The Hill. This book is over 40 pages of Conservative fun for the whole family. It's filled with creative activities, clever puzzles, and respectable portraits of more than a dozen of your favorite Republicans. And guess what, kids? The book even has inspiring quotes from the candidates themselves! You'll be surprised, amused, and maybe--just maybe--even more proud of the Greatest Nation on Earth (by which I mean the USA). This is a work of political and social satire. Likenesses of individuals are not meant to imply endorsement.
