It tied it all togetherBy RevGMSThe Abide guide was a fun and entertaining read, using humor and wit to convey some deeper ideas for appreciating life, and checking what condition our condition is in. Explaining its connection to the movie and philosophies from the past, it also makes its connection

to the present day. With our current state of financial crisis and seemingly endless wars, its good to know there are some Dudes out there taking it easy for us sinners. Maybe the Abide Guide can help you find your inner Dude. There is a playfulness to the serious truth it conveys, not taking its self too seriously it asks us to consider how over consumption and over reaction can put our well being and world in peril. Reminding us life is full of strikes and gutters, but through it all the Dude abides. And that is cool man. I would highly recommend this book for its humor and insight. 0 of 0 people found the following review helpful. Take 'er easy By Scott Watts This book has so far been a fun and informative read. I signed up to be a minister on the Dudeism website for fun, and also to have the legal option to officiate weddings. But then I decided I really wanted to know more about this whole durned abiding thing and what Dudeism is all about. I'd like to think the messages in this book and abiding have made my life a little easy to deal with. This is a book of its time and place. If you have any interest in learning about Dudeism, this is a must read! 1 of 1 people found the following review helpful. Four Stars By Tracy Lynne LaForest This is an odd little book, and makes for an interesting read.

THE DUDE ABIDES...AND YOU CAN TOO! When you seek salvation from this stressed out, uptight world, theres only one man to go to for guidancethe Dude. At once helpful, funny and profound (like The Big Lebowski itself), this survival guide from the founders of the Church of the Latter-Day Dude and their top disciples shows how to be as Dude-like as the Dude (well, almost): Secrets of sacred Dudeist practices The Seven Spiritual Laws of Taking it Easy Great Dudes who changed the world (without really trying) New feminist philosophy for special ladies The Way of the Dude applied to politics, ethics and finances A 12-step program for personal dudevolution The science of really tying your room together All this and a lot more what-have-you. So the next time life throws you a gutterball, just pick up this book and ask, What Would the Dude Do? Its your answer for everything.
