Dekota R. Cagle : The Adventures of Pete and Cody before purchasing it in order to gage whether or not it would be worth my time, and all praised The Adventures of Pete and Cody:

1 of 1 people found the following review helpful. Hilarious!By chrisThis book had me laughing so hard I could hardly breathe and had tears rolling down face! This two men where little dare devils as children and teens! This is a must

read book!

You'll chuckle your way through this collection of humorous anecdotes as the author shares stories from his youth in his own unique, self-deprecating style. Come step back in time to rural Oklahoma in the 1960's and join two mischievous farm boys with aspiring plans that seldom seem to work out. From watermelon thievery to experimentation with dynamite, Pete and Cody will lead you on a nostalgic journey through their own real-life misadventures. This is rural American humor at its best, and the format (short, self-contained anecdotes) makes this book perfect for those who are not a heavy readers or who do not want to get bogged down in a novel.
