J. D'Urso, E. Bryan : The Aetherverse before purchasing it in order to gage whether or not it would be worth my time, and all praised The Aetherverse:

It is the year 2869 *Æx.*, and the sun is setting on humanity's golden age. The once glorious Convergency has fallen

into the hands of a corrupt elite, and a lone corporation has seized limitless power over the innocent citizens of the galaxy. But when a noble marshal, a lowly temple harlot and a band of unlikely allies find themselves caught in the middle of an insidious conspiracy, it seems that tyranny may have met its match. Part adventure, part political thriller, The Aetherverse redefines sci-fi as we know it, and tells the story of a democracy fallen, and a tragic history dangerously repeated.
