Forget the Farmers and say Adios to the Astrologers--The Arizona Liar's Almanac is here! Filled with information on

the local climate, flora, fauna, geography, modern living, and more, this endlessly entertaining book is guaranteed to make readers wonder, laugh out loud, and wish it was all true. And maybe it is! Why shouldn't quicksand make faster-working sandpaper? And why wouldn't the state's biggest export be sunshine? In between dispensing wisdom on home remedies and the weather, author Jim Cook--Arizona's Official State Liar--tells readers the truth behind the lost mines that riddle the Grand Canyon State, the sought-after recipe for Beenie Weenie Pie, and the renowned Society of Woolgatherers.

"Jim Cook can color a story brighter 'en a Navajo blanket. He's also one of the funniest guys I've ever known. I've been stealing his material for years." Marshall Trimble, Official Arizona State Historian
