J Harold : The Art of Sledging before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Sledging:

0 of 0 people found the following review helpful. quick easy readBy teamjetA good quick read for any cricket fan. More a coffee table book but still enjoyable on my Kindle. Some funny quotes that I will be repeating to my mates.

A hilarious collection of rude, crude, famous, and infamous "sledges"—a must-have for every cricket tragic. In these days of cricketing correctness and codes of behavior being handed down by the Cricket Police, here is a salute to the good old days when games were won and lost by whatever means available. With a great one-liner on every page, this is a collection of crude, rude, famous, and infamous sledges from the world of cricket. It's a book that will complement every household's throne room.
