Xavier Crement : The Asshole Conspiracy (The Asshole Conspiracy, Volume 3) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Asshole Conspiracy (The Asshole Conspiracy, Volume 3):

1 of 3 people found the following review helpful. Good enough for someone to steal.By Kindle CustomerI purchased this book almost twenty years ago, but it was stolen before I had a chance to get very far into it. It may be that someone believed the book is that good: worth stealing. I just got my new copy and I haven't started reading it yet.4 of

4 people found the following review helpful. Truths and humor
By Anne Hartley
Hidden under the cover of Dr X Crement, the author seeks to enlighten his readers of many truths which, if bluntly revealed without humour, may instead, offend. In fact, I think he also seeks to offend, in order to wake us up to hidden agendas of many groups. It is time for us to wake up and smell the dirt hidden under seeming innocence , and learn to think for ourselves.

Our right to a sane, sensible society is being stolen from us, right under our own noses. Can you smell it? According to Xavier Crement, M.D., it is the Asshole Conspiracy, and he exposes it in this, his third book in the Asshole Saga. This book is nothing less than a new explanation of social evolution to replace Darwin, Freud, and Marx. It sheds new light on human history and has inspired Dr. Crement to call for a worldwide revolution-- a social enema to purge assholes and assholism forever!

About the Author
Dr. Xavier Crement is the leading expert in the movement to recognize assholism as a major disease. A proctologist by training and trade, he realized he was treating the wrong end of most of his patients. He gave up his practice to write three books and launch a nationwide campaign to expose assholism and advocate its cure. He is now in hiding in an unknown, secured location.
