This is Not a How-To Guide!By JohnMy parents gave me this book as a gift when I was a young bachelor and I had a disturbing realization while reading it. I had done about one third of the "suggestions" myself and thought another 15 to 20 percent of them were good ideas.The copy I purchased here is a replacement for the original I lost in a fire.3 of 3 people found the following review helpful. A FUN read, as usual, from P J O'RourkeBy LakeKidsJust LOVE to read O'Rourke's books, his take on almost anything is so true AND so funny. If you know, are, or related to any bachelors, this is a must read, even though a little dated...the "customs" of the bachelor are still the same. It's fast reading and will give you plenty of chuckles.6 of 6 people found the following review helpful. DO NOT BUY KINDLE VERSION!!By Donald GilletteThis is a hysterical non-political book from the early P.J. O'Rourke (fresh from the National Lampoon) and I'd recommend it highly, but DO NOT buy the Kindle version. It is so full of typos, formatting errors, and poorly aligned words that your eyes will cross and steam will pour out of your ears. Yes, I called them. Yes, they said they'd check and call me back. No, they never called me back. Yes, two weeks later I called them again. Yes, they said "the publisher had acknowledged the errors and issues" I pointed out and the publisher was working on a new version. So yes, I'll give them another two weeks. But in the meantime, do

yourself a favor and buy the real thing. It's probably cheaper, and it'll be infinitely more readable. I don't know who proofreads these Kindle books, but I'd be willing to bet their parents are not of the same species. This is the second Kindle book I've bought that's been totally worthless because of "font issues". Time to face facts, . Not all books are made to be read on a Kindle--I just wish you wouldn't OFFER them on a Kindle if a person can't READ them on a Kindle!

The author of Parliament of Whores describes the tasks that bachelors must perform to maintain a household, including tricking other people into cleaning for them, turning the cat into a sweeper, and others. 80,000 first printing.
