David Markson : The Ballad of Dingus Magee before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ballad of Dingus Magee:

0 of 0 people found the following review helpful. The Vest Makes the Man or Does it?By Louis J. BarbierThis story by David Markson "The Ballad of Dingus Magee" published in 2008 is similar in many respects to the comic masterpiece of Tom Jones by Henry Fielding published in 1749. Both are very funny and quite bawdy. Both deal with a young man who does not know his mother or father. One takes place in England and the other in the Wild West of these United States. Both will have you rolling on the floor laughing and if not you best fog a mirror to see if you are still alive. I strongly recommend "The Ballad of Dingus Magee" for all who love western stories. The mood of the first page sets the tone of the whole story with a quote from the dying Doc Holiday when he says, "This is funny." The whole story is full of memorable characters and a plot that you got to wonder who can come up with so much fun and laughter? Go ahead take the plunge and laugh your head off! Yes indeed... I guarantee!2 of 2 people found the following review helpful. Youthful MarksonBy Iris L. JohnstonThis hilarious western shows the humorous side of a great American author. It includes many of the themes he would use later in his assemblage work and is written with a snappy, lively voice that is in sharp contrast to the ethereal moodiness of Markson's other fiction. For readers who either love Westerns, love good funny light reads, or love David Markson, this is a little treat.0 of 0 people found the following review helpful. Funny, dashingBy Ezekiel TyrusThis was David Markson's most successful book. Funny, dashing, well-written and clever. He should be more famous than he is. A fun book everybody should read.

A parody of the western, the hilarious adventures of Dingus and associates
