**From imusti : The Beard Coloring Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beard Coloring Book:

The Beard Coloring Book is a luscious, facial-hair-filled collection of illustrations, infographics, and games. Suitable for beard connoisseurs of all stripes, this book will inspire you to grow your own or simply deepen your appreciation of mustaches, beards, sideburns, and other works of facial art. Each beard is a zen maze and contain activities that will draw you into a pure state of bliss. Page after page, beard after beard, you'll find yourself coloring yourself into a fuzz-trance of love.

"Modern beards become the artist's nadir and the colorist's spring garden. The Angels of Light, the Cockettes, and the Sisters of Perpetual indulgence all took beard coloring to new heights. Give these beards gorgeous and colorful

decoration." —Ron Turner, bearded founder of Last Gasp
