Patrick Dawson : The Beer Geek Handbook: Living a Life Ruled by Beer before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beer Geek Handbook: Living a Life Ruled by Beer:

3 of 3 people found the following review helpful. Really fun book for beer lovers and a great illustration reference!By LyanneI'll be honest and admit that I bought this book because it's illustrated by Greg Kletsel. I've been following him for a while and own a couple of zines, so this seemed like a no brainer! The illustrations are superb and really really fun. As far as the content of the book, I can't say much. I scanned through a few pages and it engaged me, even though my knowledge on beer is limited. This book seems super interesting and I couldn't put it down. Great job Patrick and Greg. You rock!2 of 2 people found the following review helpful. For the Beer Geek - at any levelBy Jack

PerdueAfter reading Patrick's first book *Vintage Beer: A Taster's Guide to Brews That Improve over Time* (a highly recommended book on aging the proper beers properly) I had to get his next one. *The Beer Geek Handbook* is a tongue-in-cheek kinda read where you are going to learn something, whether a beer noob or full fledged beer geek. I laughed at some of his commentaries, and reflected on my own beer geekery as I read through each short take on the many aspects of being (or becoming) a beer geek. And if you pay special attention, you'll probably notice Patrick in some of the drawings.

By CustomerAn easy read for anyone who enjoys more than just drinking beer. I am surrounded by self-proclaimed beer geeks, and I used to give them all sorts of grief for it. But, the more they talked, I finally realized maybe I was missing out, and so I started to join in. This book has been fun to read, but now I feel more included when we all go out, or even just open some cool bottles at home.

Does the beer buyer at the liquor store ask your advice? Do you understand the difference between a turbid and a single infusion mash? Do you travel with a tulip glass handy? Have you even eaten ramen just to afford a vintage Cantillon gueuze? If you answered yes to any of these questions, you may be a Beer Geek and in need of this hilarious guide. Patrick Dawson provides everything you need to fully live a life ruled by beer, from the Ten Beer Geek Commandments and the Beer Geek Hall of Fame to guidance on what to drink, how and where to drink it, how to gracefully correct an uninformed bartender, where to buy geek goods, how to flawlessly execute a beer tasting, how to plan the ultimate beer-centric vacation, and much more. Includes quizzes to help you determine your level of geekery, as well as witty illustrations by Greg Kletsel.

From the Back CoverTap into a Brave New World Know the Beer Geek ten commandments Train your local beer guy Don't be a snob...or a craft drunk Flawlessly pull off tastings pairings Navigate the beer trading scene Take a beercation Know your beer types (but be chill about it, okay?) Understand the beautiful versatility of the tulip glass Appreciate the legends of the field
