Art Moger : The Best Book of Puns before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best Book of Puns:

0 of 0 people found the following review helpful. More family and friend laugh-times By Neo For their sixteenth birthdays, we sent each of my two oldest granddaughters two books of puns. The cousin shared their books over the

phone and in person with their parents and grandparents. Both girls adore puns, so this was a perfect "special sweet 16" birthday gift for each girl. It has brought many hours already to friends and family -- and all "G" rated.

HOORAY!7 of 7 people found the following review helpful. Great GiftBy EmmyI got this as a gift for my boyfriend who LOVES puns. I haven't given it to him yet but after reading through some of the pages I can say that it was a lot funnier than I expected (and I'm not the biggest pun fan sooo yeah!)0 of 0 people found the following review helpful. MehBy MegThe setup for many of the puns in this book are very disappointing. Some of it doesn't really make sense for a pun book. I am not impressed.

As Oscar Levant said many years ago, "A pun is the lowest form of wit, especially if you didn't think of it first." In this lively collection you'll find a hilarious abundance of pun-ishment for the millions who can't resist giving a word or phrase a twist... and ammunition for many occasions from movie, TV and theatre wags; from the wits of Wall Street and Washington... the gems from poets and pundits and some of the bottom-of-the-barrel crumbs! Golf is like taxes. You drive hard to get to the green and wind up in the hole. A monastery in financial trouble decided to go into the fish-and-chips industry to raise revenues. One night a customer knocked on the door and a monk answered. "Are you the fishfriar?" the customer asked. "No," the robed figurereplied, "I'm the chipmonk." The book also contains a PUNdix, a PUNabridged dictionary and a collection of the best... and worst... jokes in the world!
