About the AuthorIf you ask me who I am, I will say that I am a surfer. Just imagine tall masculine man with a sun kissed golden hair, beautiful tanned body and disarming smile Congratulations, you have a good imagination! And now I will tell you about myself. I am an Internet surfer. I am 23 years old student of very important, but very boring discipline. That is why when I have a free time I prefer to stay home, relax and surf for some fun stuff on Internet. I have a huge collection of a favorite memes, jokes and demotivational posters. I also love my cat and he loves me. Because its really cool to find someone so damn lazy like you are. I believe we are soul mates. Over the years (not without the help of my ginger fat cat) I became such a professional in all this Internet-fun stuff. My friends always ask me to make some cool memes relate to our parties, travels and adventures. Once I even received an offer from a well-known company to write a comic script to their corporate party. Now I decided to try my luck and publish the results of my hard and stressful workJ. Please, dont judge too harshly. Life is too serious to be taken seriously.
