Bill Amend : The Best of Foxtrot (2 Volume Boxed Set) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Best of Foxtrot (2 Volume Boxed Set):

0 of 0 people found the following review helpful. A Great Starter Kit By Just MEI was introduced to Foxtrot back in early 2012 through a library book called Wrapped Up Foxtrot. I enjoyed the book but wasn't quite sure if I wanted to buy any of the treasuries since our library only had a very small handful of Foxtrot books (all of which I've since read). I discovered this Best Of collection and couldn't resist! I love the annotations that Bill Amend provides of select strips. But I did discover one little flaw with the book, some strips that are part of a story arc are dropped. I discovered this when I was reading the themed book Math, Science, and Unix Underpants from the library. It's not a big deal per se as the dropped strips probably weren't that important to the story but it still kind of bothers me since I like my stories complete. I have been trying to prolong finishing the collection for months now (since March). But I have recently acquired some Foxtrot treasuries used. I don't feel too upset that this set will be kind of moot once I have all the books because I enjoy the insights of Bill Amend. I would definitely recommend this set to anyone who is a casual fan or is unsure if they want to invest in the 11 treasuries. These 2 books will make you crave for more but in the off chance that it won't at least you get to see how Foxtrot has changed with the times. 0 of 0 people found the following review helpful. "Like Jumping on a Time-Machine to Fun-Fun Mountain" By N. Bilmes Foxtrot was a strip I read from the beginning in my college newspaper back in the late 1980s. I used to buy the books in order to keep up with the strip, but when my wife and I had kids in the mid 1990s, I stopped buying those. Getting this collection was like jumping on a time machine to Fun-Fun Mountain. Being reunited with Paige, Peter, Jason, and their parents was like rediscovering old friends and old favorite foods that you had forgotten existed. This book is filled with strips Bill Amend personally picked out from his two-decade run creating the strip, and there are occasional annotations (not

enough for my taste) by Amend that let us know what he was thinking about some of the strips. My only complaint about this collection was that it only had about 1700 strips. There were another 6700 or so I would love to have read again. 0 of 0 people found the following review helpful. Great Collection. By David Ullery Great collection in a large format. Lots of fun to read, even though dated on some subjects and technology, but that is to be expected on a retrospective collection. Wish there were more author's notes, but no big deal, this is great.

Reuben Award-winning cartoonist Bill Amend culls through 20 years of FoxTrot strips to select his personal favorites for this lavish retrospective. Since the 1988 launch of Bill Amend's FoxTrot, Amend has humorously depicted suburban living through the adventures and misadventures of the Fox family. Via kids Peter, Paige, and Jason, along with parents Roger and Andy, Amend comments on the latest Hollywood fads, gaming fixations, and familial fascinations with wry irreverence. Inside this special two-volume edition of FoxTrot, fans will find just under 1,700 of Amend's favorite and most notable strips. Annotations by the cartoonist offer readers new insight into both the material and the creative process behind it. As evidence of the strip's overwhelming popularity, FoxTrot boasts lifetime sales of more than 3.5 million books. Prior to FoxTrot's semi-retirement in 2007, the strip had close to 1,000 daily and Sunday newspaper clients and a daily readership in print and online in the millions. This is the book FoxTrot fans have been eagerly awaiting. Reuben Award-winning cartoonist Bill Amend culled through 20 years of FoxTrot strips to select his personal favorites for this lavish retrospective.
