He is dying so what better gift than laughter? Anyhow, I am not a sports fan but the book had me laughing out loud as well. It is worth every penny! Thank you so much Steve Moore.0 of 0 people found the following review helpful. Subtle and over the top humor...By A CustomerArguably the most consistently funny panel since "The Far Side." A great collection. Viva en la bleachers!0 of 2 people found the following review helpful. A Little DullBy CustomerNot as good as I remembered, I bought one of his books in high school and loved it. Even though I think he rips off Gary Larson a ton, my friends and I thought it was funnier than Far

Side. This book was not that funny.

In the spirit of cartoonists B. Kliban, Gary Larson, Charles Addams, and Gahan Wilson, the nation's leading sports cartoonist tackles, well, everything!
