This one in my humble opinion is the best yet, and that is due to amount of cartoons included herein. This one has more cartoons per page than the 2005-2007 editions and contains a few more pages as well. Hundreds of top political cartoonists are featured, and subjects like the Iraq War are right here next to Paris Hilton and O.J. Simpson.If you have an interest in the issues of the day and enjoy great cartoons. This book should be a part of your library..This is an excellent purchase.Five Stars !!!0 of 0 people found the following review helpful. I have not yet looked at the cartoons in this ...By Nancy NewellI have not yet looked at the cartoons in this book but I know that-like the other political/editorial cartoon collections that I have-these, too, will be full of the cartoonists' humorous views of just about any subject.4 of 4 people found the following review helpful. Very Nice Anthology of

CartoonsBy Frederick S. Goethell grew up in the sixties with in an interesting family. My father was a typical sixties Republican and my mother a typical sixties Democrat. I think I was reading political cartoons before I was even reading the comics in the paper, and that developed into a life long love affair with political/editorial cartoons.I found this collection to be good, but there were a few that could have been left out. Also, the author did tend to put a lot of his cartoons into the book. It is, however, a collection that will make you laugh, cry and most importantly, think.I would highly recommend this book to anyone who likes to think with a broad mind and who can see humor, however dark, in most situations.

The Best of the Year in Editorial Cartoons The best cartoonists in the world contributed to this collection of the best cartoons of 2009, from Daryl Cagle's Political Cartoonists Index, the most popular cartoon site on the Web (www.cagle.com). More than 600 cartoons cover the major topics of the historic year when America saw its first black president sworn into office. The economy sank despite humungous bailouts and unemployment hit new highs--not to mention the drama of Octomom, Sotomayor, Swine Flue, GM's bankruptcy, Iran's election chaos and the death of Michael Jackson. This cool book chronicles the history of the year 2009 with cartoons you'll never forget.

About the Author Daryl Cagle is the daily editorial cartoonist for MSNBC.com. Daryl's editorial cartoon site with MSNBC.com (www.cagle.com) is the most popular cartoon website of any kind on the Internet.
