It was done brilliantly and at a time when everyone needed to poke fun at one of the worlds shadiest criminals. Each page was very creative and well illustrated. The concept of turning this jerks life into a coloring book was humorous in itself. Great job to the authors and illustrator.T. Velardi2 of 2 people found the following review helpful. Cheeky, IrreverentBy Elizabeth ConnorPollack and Steinberg have crafted a cheeky and irreverent coloring and activity book that pokes a pointed stick at Ponzi Clown Bernie Madoff. It's the most outlandish fun I've had during enforced bedrest. Perfect stocking stuffer or apology gift.0 of 0 people found the following review helpful. For the Person Who Has EverythingBy FoahIt's not everyday that you get gifted a Bernie Madoff coloring and activity book. I gave the Big Bernie coloring book to all my relatives and friends that year for Christmas.... What a memorable gift-giving experience that was!I'm thinking of ordering a few more this season, you know for the new relatives. In all

seriousness, this is some great Art, and humor.Cheers~

This is the book that started it all; the publishing event that has been hailed as the ultimate Bernie Madoff collectible by Tony Velardi. More than a terrible human being, Bernie Madoff is in fact a sleazebag of historic proportions. Now with this book you can have fun at Bernie Madoff's expense by depicting the bastard any way you like. Draw devil horns on him and black out his teeth if that is your leaning. Or if the mood strikes you, pencil in a goatee and long sideburns on the financial sociopath. It's a big whatever and it's all here, from his youth in Queens, New York to his infamy as the world's biggest crook. And with this book, the whole incredible story is presented in an easy to follow coloring book format! Packed to the rim, this book has it all - his rise and fall and all the people he took down with him including the likes of Steven Spielberg, Jeff Katzenberg, Mort Zuckerman, Kevin Bacon, Elie Wiesel. Plus the thousands of everyday slobs he ripped off big time by stealing their life's savings. Then there's Bernie's fakakta wife Ruth, his sons Andrew and Mark Madoff, and the irrepressible Judge Denny Chin. There's mazes, connect-the-dots games, word search games and brain teasers. This is the same crap you would see in a Cinderella coloring book, but this one is much better. Fill out the "certificate of completion" at the end of the book, frame it, and hang it on the wall. This is the ONLY Bernie Madoff coloring book you will ever need! Lotsa fun. Great gift item.
