RobinsonOK, I can. :-) Yet another "big book." This not my favorite in the series, mostly because it's not historical, but more the cartooning of the hysterical. Bigfoot, UFO's, ghost sightings, etc. That's not my cup of tea. If you like the Factoid Books and like this sort of things, by all means, this deserves a spot on your bookshelf. However, if you're considering a "Big Book of..." try one of the

Strange phenomena take center stage in this collection of weird tales of such mysteries as crop circles, alien abductions, and even Bigfoot. Illustrated in a wide variety of styles by some of the world's most popular cartoonists. Mature readers.

.com Is the conspiracy bug getting to you, too? If not, it soon will, especially after you check out *The Big Book of the Unexplained*, the companion book to *The Big Book of Conspiracies*. Self-proclaimed conspiracy nut Doug Moench is joined by a variety of comics artists such as Joe Sacco, J. H. Williams, Paul Gulacy, Brent Anderson, Russ Heath, and Gahan Wilson to present new tales of strange phenomena, bizarre happenings, and mysterious goings-on. And if you're bummed out about the Loch Ness monster hoax, get ready for the new "could-be" monster: La Chupacabra. Haven't heard of this creature? Then go ahead, buy this book.
