**Publishing Ravette, Ravette Books : The Bluffer's Guide to Champagne (The Bluffer's Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bluffer's Guide to Champagne (The Bluffer's Guides):

Funny but actually highly informativeBy Mr P D HamiltonThe series are pretty tongue-in-cheek and some are better than others - this is the best I've come across. Written with a dry (brut?) sense of humour (that's humor for you north americans) there's actually a whole lot of really interesting stuff in here. From the correct way to pronounce Mot Chandon (not what you think) to the truth about Marie-Antoinette's breast and the coupe shaped glass, it's all in here. Highly recommended.
