**Daniel Willingham : The Book Of Armless Theo Part 1** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Book Of Armless Theo Part 1:

An incompetent god creates an imperfect world, but the inhabitants of that world don't see it that way. Theo is created with no arms, making life more difficult for him. Theo assumes his creator must have made him that way for a reason, he's just not sure what that reason could be. So Theo goes on a spiritual quest to find out why things are the way they

are.
