3 of 3 people found the following review helpful. I hate to say itBy Christina R. ShawUgh my husband had this one his wish list, and I bought it for him for his birthday. I hate to say it, but it is hilarious. His birthday party had maybe 20 people there and lots of cool thoughtful presents, and this was the present that grabbed everyone's attention. Everyone had a good time passing this book around. We have a indoor bunny, so I thought this was distasteful, but I quickly learned that I was just being a prude. This was hilarious.1 of 1 people found the following review helpful. Purchased as gift...By CustomerSaw at a friend's place. Hilarious and clever!
