Excessive reading linked to discomfort in eyes, genitalsBy KEVIN M RODDY This book has changed my life; the Pipe that came with it looks super cool when I take it to clubs, parties, even work! The smoke it emits is foul, yet everyone seems entranced by it - or maybe it's just the way it NEVER STOPS FUMING? Anyways, I recommend ordering the Deluxe edition, as it comes with a cool "BOB" figurine set - you get Cowboy "BOB", Forest Ranger "BOB", and even a Holy Spoutin' Janor Decoder Ring. HIGHLY RECOMMENDED.3 of 3 people found the following review helpful. but "Bob" cut the crap. " - SteveBy Patrick

Great For SubGenii, Just A GeeGaw For Everyone Else By Devon Vance The Classic Sacred AdverTome of The Church of The SubGenius. Great For Yetis, Meh for Some, Dated Weirdness For Everyone Else. Personally, Revelation X Is My Favorite. The Book of The SubGenius is my Second Favorite.

Sometimes a book goes too far. Sometimes is... now. First, there was The Gilgamesh. Then... the Bhagavad-Gita Then... the Torah, the New Testament, the Koran Then... the Book of Mormon, Dianetics, I'm OK You're OK. And now... The Book of the Subgenius (How to Prosper in the Coming Weird Times)

.com Divine obfuscation has a purpose. This is the classic that ushered in so many imitators, imitators who did not get "it." "It" is slack, the desiderata that cannot be desired and is only attainable through "Bob," the evil god/male model who founded the Church of the SubGenius without bothering to "exist." If you read this holy book properly, you will learn to "pull the wool over your own eyes." While this volume may seem hilarious, it's also an incredibly adept deconstruction of religion in general and the human impulse to believe in and follow anyone who promises to give their lives meaning and structure. Plus, it's the only place to find the information you need to survive when the bad alien gods come out of the sky to kill, enslave, and entertain us. If you don't already have a copy, then hand in your hipness ID card and hang your head in shame. From the Publisher Sometimes a book goes too far. Sometimes is... now. First, there was The Gilgamesh.
