Mike Scalise : The Brand New Catastrophe before purchasing it in order to gage whether or not it would be worth my time, and all praised The Brand New Catastrophe:

3 of 4 people found the following review helpful. I laughed. I cried. I tore it to shreds! By Mike I couldn't put this book down. The author has a powerful and funny voice, which he brings to bear in the service of a deeply compelling story. Highly recommended! 0 of 0 people found the following review helpful. I would recommend to anyone who has

been through a health crisis ...By Leigh SteinI could not put this book down. This is a hilarious and heartbreaking book about sickness and health and the stories we learn to tell in order to make our pain palatable to our listeners. Mike is a natural storyteller and his personality shines through his writing. I would recommend to anyone who has been through a health crisis or scare and has come out with their sense of humor still intact, or anyone looking for an interesting look at a mother/son relationship.1 of 1 people found the following review helpful. Great ReadBy MrorMrsHIncredible, engaging, funny, honest book by a wonderfully talented writer. Not usually a memoir person (whatever that means), but this is real quality. Definitely worth your time. And I wish more doctors and healthcare professionals will read it too.

Winner of the Center for Fiction's Doheny Prize

One of Buzzfeed Books's "32 Most Exciting Books Coming in 2017" One of Publishers Weekly's Top Ten Memoirs Biographies of Fall 2016
