**Kendal Hemphill : The Buck Never Got Here** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Buck Never Got Here:

0 of 0 people found the following review helpful. This makes an excellent Christmas gift to give to your family and friends. By Ann Burgess Well written, humorous look at hunting and traditions that I grew up with when I lived in Central Texas in the 1950's. 1 of 2 people found the following review helpful. One book for Alaska By Customer THIS

BOOK IS HILARIOUS!!! I love this book. If you don't have it yet, you MUST get it...NOW! I nearly wet my pants I laughed so hard. If I was going to get lost in Alaska and I couldn't take the author, Kendal Hemphill with me personally, I would take TWO copies of this book in case the first one got worn out. If you have ever ventured outside your front door, you will relate to the stuff in here. This is the ONE outdoor humor book EVERYONE needs. All of your outdoor friends need one as a gift. I only hope that in the next one he writes he includes more stories that include his friend from Brady, Texas that he occasionally talks about in his newspaper column... those stories are even FUNNIER than these!!! 1 of 2 people found the following review helpful. Finally! Something humorous worth reading! By Customer I've read this book from cover-to-cover twice and once backwards honoring Ted Nugent's organic endorsement of literary worthiness. And if anyone knows anything about organic, it's definitely Ted Nugent! So if you are the outdoors type or know someone who is, fetch this book and enjoy something completely different. From hunting to gun cleaning, you'll enjoy reading Kendall Hemphill's "The Buck Never Got Here."

Have you ever wondered how to use a compass? Or build a canoe? Or properly clean a gun, or cast a flyrod, or shoot a muzzle-loading rifle? Well, keep wondering. You won't learn any of that stuff from this book. Kendal Hemphill has been called a cross between Dave Barry and Pat McManus. No subject is too delicate, no politician too insulated, no topic too sensitive to be speared with the arrow of cynicism and barbecued on the backyard pit of sarcasm. If you enjoy camping, hunting, fishing, lying, and passing the buck, this book is for you. If your tastes tend more toward wall-to-wall carpet, central air-conditioning, and room service, this book is for you too. Mark Twain said, 'Humor is the great thing, the saving thing after all.' At times like these, laughter really is the best medicine. Hemphill is here to pass out the placebos.

Down to earth and grounded are two of the most praiseworthy compliments one can receive. Kendal Hemphill deserves both of these compliments and verily reeks of this aboriginal down and dirty connection to the good mother earth. Take a breather and enjoy Kendal Hemphill.' --Ted Nugent
