Lee Lynch, Nel Ward, Sue Hardesty : the butch cook book before purchasing it in order to gage whether or not it would be worth my time, and all praised the butch cook book:

1 of 1 people found the following review helpful. Five StarsBy AngelaLots of fun and some great recipes too.3 of 3 people found the following review helpful. Easy, fun recipes along with side commentsBy fanfic nutcaseGreat laughs along with easy and good recipes. Simple recipes for many levels of cooking ability or DISabilities. Worth the money and GREAT for gift giving to those who are cook/kitchen-challenged!3 of 3 people found the following review helpful. Great Meals!By Nellie MooreOur daughter loves the cookbook and she's already making things from it. The first a squash and apple soup I really enjoyed.

Note: Appearing in The Perfect Family movie, the butch cook book has a cameo scene when the mother (Kathleen Turner) picks up the the butch cook book and looks at her pregnant lesbian daughter (Emily Deschanel) for an explanation. Recipes contributed by butches from around the world and from all walks of life are mixed with butch musings, life and lore, history, and quotes. Irresistible offerings include quick meals for a night on your own, luscious potluck recipes, holiday indulgences, sweet treats, a special time for two, and even goodies for furry friends. Check out the website, thebutchcookbook.com, for photos and information about the contributors and excerpts from the book. The best of the butch, a feast for palate and heart.

From BooklistPrepare to disabuse yourself of the notion that the butch half of a lesbian couple is not the cook. Divided into chapters with punny headingsWarm Thoughts for the soup course and Hot n Heavy for entreesthis collection of recipes (contributed by butch friends of the editors from around the world) offers both beginners and experienced cooks plenty to enjoy, with an emphasis on comfort food. Take the cheese grits, in a recipe submitted by a tough lesbian attorney who recognized the dynamics of illegitimate power when she confronted it, and she always confronted it. Dinner? Try Chicken for Emily, which is both a recipe and a love letter. But, above all, dont forget the

Butch Basics, which include macaroni and cheese from a box and a mayo sandwich (easy enough with only three ingredients: bread, pickles, and mayo). But this is more than just a witty cookbook. The editors envision the volume as a validation of who we are, and the personal stories that accompany the recipes (as well as the forays into lesbian history) are as comforting as the food. --Ilene Cooper A delight! Thanks for such an upbeat and tempting book. --Val McDermid I love THE BUTCH COOK BOOK--and I'm someone who hates to cook! It's a wonderful combination of seductive food, engaging personal stories, and butch history. Who could resist? You can settle back with a nice claret and savor The Beleaguered Butch's Meatloaf with Zucchini Casserole, followed by Melting Marshmallow Heart Buns. And all the while you'll be painlessly absorbing the narrative of butch adventures, culinary and otherwise over the years. What's not to love? It's perfect! --Ann Bannon THE BUTCH COOK BOOK is absolutely fabulous! The recipes, of course, are a nice touch, but the Handydyke's and Pianist's narratives, the Handydyke's cover and illustrations, the femme responds, butch bios, and morsels (to name a few) bring it to life with loving care. An absolutely fantastically fun addition to our cultural heritage. --Taylor West So, I never contact people about much of anything to be honest... My girlfriend gave me the book for the holidays and I read it cover to cover as if it were a novel. The recipes were wonderful (though i haven't tried all of them yet,) and the morsels and stories were like medicine. I work in the LGBTQ community, and even still - butch identify can be very lonely... Thank you so much --Carly Delicious, fabulous, tongue-in-cheek, serious, gourmet, not-so-gourmet--it's all here: wonderful recipes and special stories from famous lesbians. Recipes with heart from butches who love to cook and from some who do not. --Anna Futado About the Author Lee Lynch has been a confirmed butch since her teen years. After reading lesbian books with sad endings, she decided that her lifelong writing would reflect the happiness that lesbians can achieve. Her joy in working with this cookbook was to search out esoteric ingredients, cheer on the cooks, and enjoy the great food. Among her fourteen books, writings such as DUSTY'S QUEEN OF HEARTS DINER and Lesbian Stew, one of her columns in a collection called THE AMAZON TRAIL, exemplify her love of food. Nel Ward and Sue Hardesty, partners for over four decades, share a large collection of cookbooks and a history of cooking classes. They cook almost everything together in a stereotypical butch/femme approach as Nel watches over Sue's prep work with a femme eye.
