Running Press : The Calming Coloring Kit (Miniature Editions) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Calming Coloring Kit (Miniature Editions):

6 of 6 people found the following review helpful. Too Smooth of a PaperBy KellyI saw this in Books-A-Million, and the cards were sealed, but it's actually a bad surface for color pencils. The color hardly stays on because it's very smooth. The leaf and stem were normal color pencils, and the red and orange are the provided ones. The photo makes it darker than it really is. It's barely there.I used Flair felt pens for the owl which worked great. It's possible to smudge still, because it's a smooth paper.I liked 27 out of the 50 designs. It's rather disappointing but I can manage with my color pens.3 of 3 people found the following review helpful. High quality card stock with beautiful cards to colorBy LDHigh quality card stock with beautiful cards to color. Love that the included colored pencils make for a complete coloring kit small enough to tuck into a purse or tote. We're very pleased with this product and have given several as gifts.1 of 1 people found the following review helpful. Just as described.By Krafty Max OriginalsOrdered these as stocking stuffers and everyone loved them. They are on thick paper and of high quality.

Perfect for creative people everywhere who like to use coloring and drawing as a means to relax and focus the mind, this kit includes 10 colored pencils and 50 illustrated cards with detailed designs to complete, for on-the-go stress relief.
