Dr. David Brunner, Sam Stall : The Cat Owner's Manual: Operating Instructions, Troubleshooting Tips, and Advice on Lifetime Maintenance (Quirk Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cat Owner's Manual: Operating Instructions, Troubleshooting Tips, and Advice on Lifetime Maintenance (Quirk Books):

3 of 3 people found the following review helpful. Hilarious book with legit good and funny adviceBy Maggie VI have ordered pretty much all of these owners instruction manual books, including the bride, newlywed, cat, groom and baby

books. All of the them have been gifts for others, and they all have enjoyed them. This one was ordered for my boyfriend a few months after we rescued a dog together, he enjoyed it. All of the books are absolutely hilarious and are a great gift for someone who has a humor side. Not only do they actually give good advice, and walk you through stages on the topic, they give it to you in a legit understanding way but with a comedian manor. Even if you get the book for someone who isn't much of a reader, the pictures and demonstration are pretty humorous. Would definitely recommend for anyone with has a funny side, and need a simple add on to make them laugh about things they are expecting or having in life.0 of 0 people found the following review helpful. Great, fun book!By NopetasticBought this book as kind of a joke for my mom, who recently adopted a cat, but she said the information in it taught her things she never knew, despite having cats for decades. She insisted I read it, as I now have foster kittens, and I thought I "knew it all" as well. But I didn't! Entertaining and informative, and easy to just skip around to the chapter you'd like to read. (Doesn't have to be a "front to back" book.) Kudos!0 of 0 people found the following review helpful. Good bookBy AlisonFunny and helpful facts for people who may not be that familiar with owning a cat. It gives general advice on the care and the certain behaviours of cats. It should not be used as a single source of information and it recommends veterinary care in serious situations.

At Last! A Beginner's Guide to Feline Technology Scratch marks on your furniture. Dead mice on your doorstep. Stray hairs all over your clothes. It's enough to make you cry out, "Why doesn't my cat have an owner's manual?" And now—finally!—she does. Through step-by-step instructions and helpful schematic diagrams, *The Cat Owner's Manual* explores hundreds of frequently asked questions: Which breeds interface best with dogs? How can I maintain a quality exterior finish? And why does my model always drink from the bathtub? Whatever your concerns, you'll find the answers here—courtesy of celebrated veterinarian Dr. David Brunner and acclaimed author Sam Stall. Together, they provide plenty of useful advice for both new and experienced cat owners.

About the AuthorA veterinarian for 25 years and operator of Indianapolis's Broad Ripple Animal Clinic for 22 years, Dr. David Brunner specializes in treating small animals—cats and dogs. His first book was *The Dog Owner's Manual*. He has two daughters, Molly and Kendell, two black Labrador retrievers, Lucy and Noel, and a wonderful cat named Mouse. Sam Stall is the coauthor of *The Dog Owner's Manual* and *The Encyclopedia of Guilty Pleasures*. He resides in Indianapolis with his cat (and former animal-shelter inmate), Ted, plus three terrier mixed-breed dogs and his wife, Jami. Paul Kepple and Jude Buffum are better known as the Philadelphia-based studio Headcase Design. Their work has been featured in many design and illustration publications, such as *American Illustration*, *Communication Arts*, and *Print*. Paul worked at Running Press Book Publishers for several years before opening Headcase in 1998. Both graduated from the Tyler School of Art, where they now teach.
