It is filled with Christian preaching, outdated opinions on women that are FAR from humorous, and repetitive phrases. Also, since not a single one has a reference as to it's origins, it is bound to offend someone when the original writer was someone without honor or wisdom.0 of 0 people found the following review helpful. Five StarsBy Donna B.Entertaining book and useful at times when in a conversation with someone. Promptly delivered.0 of 0 people found the following review helpful.
